

SUPPORT YOUNG STEAMERS

ADOPT A CLASS!

Young STEAMers is on a mission to bring hands-on STEAM (Science, Technology, Engineering, Arts, and Math) enrichment to kids who need it most. With your support, we can provide **three FREE months of STEAM lessons to 20 low income children**, sparking curiosity and opening doors to new opportunities.

How You Can Help:

 **Adopt a Class for \$3,000** – Your generosity will allow Young STEAMers to teach 20 eligible kids engaging, hands-on STEAM lessons at no cost to them or their families.

 **Inspire Young Minds** – Your donation fuels creativity, problem-solving, and scientific exploration.

 **Make a Lasting Impact** – Help shape the future by providing access to quality STEAM education.

Every Dollar Counts!

If adopting a full class isn't feasible, every contribution brings us closer to our goal.
